

Why ZipWall®?

ZipWall® is the only comprehensive dust barrier system. In addition to the versatile 10', 12', and 20' spring-loaded poles, the complete system includes accessories to easily create entryways and form tight seals at the ceiling, walls, and floor.

Set up a tight dust barrier in just a few minutes — no ladders, no tape, no damage!

Head and Plate

lock barrier material to the top of the pole and hold it tightly. The plate will not skid or mark ceilings.

Spring-Loaded Poles set up in seconds. Keep barrier under tension. Available in 10', 12' and 20' heights.

FoamRail™ Tapeless Seals create a tight seal against the ceiling, floor, and walls without tape.

ZipWall® Heavy-Duty Zippers create a barrier entryway quickly and easily.

GripDisks secure the barrier on smooth floors.

The system also includes modular, reusable barrier panels that zip together to quickly build a custom-sized dust barrier and kits to quickly seal off doorways.

**Use the ZipWall®
Dust Barrier
System anywhere!**

Patented

Use with plastic sheeting or ZipFast™ reusable barrier panels.

ZipFast™ reusable barrier panels and plastic sheeting not included.

NEW!

TAPELESS SEAL RAILS & MOUNTS

FoamRail™ Tapeless Seals

Create a tight seal without tape in seconds!

Innovative rails with compressible-foam edges snap onto ZipWall® spring-loaded poles and wall-mounts, pressing the barrier against the ceiling, floor, and/or walls to form a tight seal.

- Tightly seal along ceiling, floor, and/or walls
- Use with negative air for containing airborne particles
- **NEW!** FoamRail Span™ tapeless seal can seal up to 8' along ceiling or floor with only one pole
- Reusable and cost-effective

No ladders, no tape, no damage

Patented

FoamRail™ Tapeless Seal x2

ZipWall® Heavy-Duty Zipper

Create a doorway in a plastic sheeting barrier quickly and easily.

Attach the self-adhesive zippers to the plastic and cut openings with the specially-designed ZipperKnife™ sheeting cutter.

- Durable, 3"-wide all-cloth construction, holds up in high-traffic areas
- Works in temperatures below 55° F
- Double-bladed ZipperKnife™ sheeting cutter eliminates zipper jams
- Flap hooks hold flap up allowing hands-free entry and exit

No snag, easy access

ZipWall® Heavy-Duty Zipper x2
Two zippers, two flap hooks, and one ZipperKnife™ sheeting cutter

ZipWall® Heavy-Duty Zipper x12
The best zippers at the lowest price!
Twelve zippers, twelve flap hooks, and one ZipperKnife™ sheeting cutter

ZipWall® Double-Sided Tape

Seal large openings, dustproof almost anything!

With ZipWall® double-sided tape and plastic sheeting it's easy to seal openings, built-ins, and fixtures. It's made for the task! One side firmly holds the plastic, the other is gentle on surfaces like painter's tape.

- 14-day rating — stays up until the job is done
- Easily reposition plastic for up to an hour
- Tears without knife or scissors
