With Breakthrough  
Odor Eliminating Technology

FOR MULTI-FAMILY PROPERTIES

## Harmony's Odor Eliminating Technology reduces ambient room odors to turn problem units into rented units.

**Addresses Odor Problems Quickly and Economically.** Units with tough, lingering odors can be impossible to rent. Units saturated with odors from pets, cooking or smoking can be expensive and time consuming to make ready for a new resident. Turnover times become extended. And rental income is lost every day the unit is down due to persistent odor problems. Harmony, with Odor Eliminating Technology can help restore units to a fresh condition, ready for the new resident.

**Odor Eliminating Technology** doesn't just absorb the smell or cover it with a scent. It actually deconstructs carbon molecules, neutralizing and dissipating odors of organic origin.

Special compounds deconstruct carbon molecules to dissipate odors.

**Antimicrobial Agents** inhibit the growth of mold and mildew on the paint film and inhibit the growth of related bacterial odors, addressing these issues before they can become a problem.

**Zero VOC Formula** meets the most stringent VOC regulations and has achieved GREENGUARD GOLD certification\*\*. Plus with our ColorCast Ecotoner® Colorants, Harmony is tintable to a wide variety of colors without adding VOCs.

**Harmony is just one more way we bring you industry-leading paint technology.** It is truly a breakthrough innovation and exclusive formula that will help reduce indoor odors as well as help promote better indoor air quality in multi-family communities.

Innovation that is the result of more than 147 years of R&D.

For more than 145 years, Sherwin-Williams has provided professional customers with the trusted products they need to solve their challenges. And with more than 3,500 stores and 1,800 sales representatives across North America, personal service and expert advice is always available nearby. Find out more about Harmony at your nearest Sherwin-Williams store or to have a sales representative contact you, call 800-524-5979. [sherwin-williams.com](http://sherwin-williams.com)

\* The length of time Harmony actively reduces odors and formaldehyde depends on the concentration, the frequency of exposure and the amount of painted surface area.

\*\*GREENGUARD Certified products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit [ul.com/gg](http://ul.com/gg).
