

10-1/4 IN. SAWSQUATCH™ WORM DRIVE SAW

TRUE TO THE TRADE SINCE 1924™

The only tools in your arsenal that stay true with legendary performance and character.

SPT 70 WM-22

The Original Worm Drive™
The Legend. Reborn.™

A larger than life saw for one and done clean cuts through 4x STAYS PRODUCTIVE

Powered by a 15 Amp Dual-Field™ motor for big cuts STAYS TRUE

Built to be relentless; this metal-housed, brass worm-gear saw STAYS TOUGH

The only SKILSAW® Worm Drive saw designed specifically to cut 4x in all types of material in one pass. With magnesium construction, our Dual-Field™ motor designed for saws and brass worm drive gearing, this saw is built to be relentless. Precision and balance are crafted into the design, so you'll be able to knock out big cuts quickly and cleanly time after time.

SPT70WM-72 Available with Twist-Lock

10-1/4 IN. SAWSQUATCH™ WORM DRIVE SAW

Legendary Durability

With MAG construction, copper winding Dual-Field™ motor and brass gearing, step up to the next level of legendary cutting.

Powerful Performance

Move up to a saw custom crafted for large jobs when one cut is all you want.

Hard-Working Character

Equal parts guts, grit and power provide balance and precision to knock out big cuts fast and clean.

The SKILSAW Dual-Field™ Motor

Our Dual-field™ motor was invented for saws, for pros, for legends, for you. Its unique dual copper windings keep you and your crew going strong all day. Its dual purpose is to power and cool the motor through the toughest cuts today and tomorrow. Others try to master this balance of power and cooling but fail. Our Dual-field motor is why our saws will always Stay True™.
